CURRICULUM VITAE

Personal Details

Name:	**Gourab Nath**
Father Name:	Gopal Chandra Debnath
Current Address:	46B, Subashpally, Government Colony, Bonhooghly, Kolkata 700108, West Bengal
Contact Details:	Mobile: +919402339545 Email: gourabna@gmail.com
Date of Birth:	22 August, 1999

Education

1. **Master of Science (M. Sc)** in Statistics
   Tripura University, Agartala, Tripura (2021-2023)
   Marks Obtained: 9.3 (CGPA)

2. **Bachelor of Science (B.Sc)** in Statistics
   Maharaja Bir Bikram College, Maharaja Bir Bikram University, Agartala, Tripura, (2018-2021)
   Marks Obtained: 7 (CGPA) (First Class)

3. **Higher Secondary(+2 stage) Certificate Examination (TBSE)**
   Salema Higher Secondary School, Salema, Tripura (2018)
   Marks Obtained: 67% (First Division)

4. **Secondary School Examination (TBSE)**
   Salema Higher Secondary School, Salema, Tripura (2016)
   Marks Obtained: 73% (First Division)

Work Experience

1. **Project Linked Person**, Sampling and Official Statistical Unit (SOSU), Indian Statistical Institute, Kolkata (April 2026 - Present).

2. **Project Linked Technical Person**, Sampling and Official Statistical Unit (SOSU), Indian Statistical Institute, Kolkata (April 2025 - March 2026).

3. **Visiting Scholar**, Sampling and Official Statistical Unit (SOSU), Indian Statistical Institute, Kolkata (Nov 2024 - Jan 2025).

4. **Statistical Trainee**, Sampling and Official Statistical Unit (SOSU), Indian Statistical Institute, Kolkata (Oct 2023 - Aug 2024).

Responsibilities

Project Linked Person, Sampling and Official Statistics Unit (SOSU)

- Contributed to the development of indicators for estimating the District Domestic Product (DDP) of Tripura using data from the Annual Survey of Industries (ASI) and the Annual Survey of Unincorporated Sector Enterprises (ASUSE).

- Assisted in the design and development of the survey schedule for the International Passenger Survey (IPS).

- Participated in field surveys, gaining practical experience in survey planning, data collection, and quality assurance.

Project Linked Technical Person, Sampling and Official Statistical Unit (SOSU):

- Assisting in creating weighting diagram using various data (like HCES, ASI and ASUSE survey data) for Consumer Price Index and Wholesale Price Index.
- Provided hands-on, application-oriented training during SOSU-conducted workshops at multiple venues, covering survey design, data validation systems, coding structures, sampling procedures, and statistical analysis frameworks.

Visiting Scholar, Sampling and Official Statistical Unit (SOSU):

- Assisting in the design and refinement of a structured questionnaire for primary data collection to calculate the Consumer Price Index, with a focus on market data in Tripura.
- Ensured data quality through scrutiny and inspection.
- Compiling and organizing data from multiple sources, including GST Tripura data and DGCI&S data, to generate the WPI report for Tripura.

Statistical Trainee, Sampling and Official Statistical Unit (SOSU):

- Analyze various survey data of NSSO surveys.
- Finding insights from the Employment Unemployment survey, Periodic Labour Force Survey.

Conference Participation

11th International Triennial Calcutta Symposium on Probability & Statistics, University of Calcutta, Dec 27-30, 2024.
Poster Title: Social Disparities and Employment Dynamics in West Bengal: Insights from Periodic Labour Force Survey Data.
Award: 2nd Prize for Poster Presentation.

Workshop Attended

Official Statistics in Social Sectors of North-East India,
Sampling and Official Statistics Unit, Indian Statistical Institute, Kolkata, Feb 05-07, 2025.

- Focusing on statistical methodologies for socio-economic data analysis and policymaking.
- Gained expertise in household surveys, reference periods in data collection, and ethical considerations in surveys on sensitive social issues.
- Learned to analyze living conditions, poverty indices, education and health statistics, and employment data using PLFS, Census, and NFHS datasets.
- Explored the role of official statistics in assessing developmental outcomes, particularly in the North-East region of India, with a focus on evidence-based policymaking.

National Workshop on Machine Learning Using Python,
Department of Mathematics and Statistics, Aliah University, Kolkata, Jan 29-31, 2025.

- Machine Learning, Regression Techniques, Classification, and Unsupervised Learning.
- Gained hands-on experience in Python programming for data analysis and machine learning applications.
- Covered topics such as PCA, Clustering, Tree-Based Methods, and Regression.
- Enhanced skills in practical applications of machine learning, data clustering, and regression techniques.

Academic Project Work

During M.Sc:

- **Project Title:** A Spatio-Statistical Analysis on Road Accidents in Tripura.

Current Research Work

- Working on the quality of employment in india, based on available PLFS data
- Analyzing the 76th round of disabled data published by NSSO to examine trends and patterns related to disability in India.
- Working with NFHS data to study and evaluate key indicators on women empowerment, focusing on socio-economic and health aspects.
- Analyzing the latest 2022-23 Household Consumption Expenditure Survey data to gain insights into consumption patterns and economic behaviors in India.

Skill Set

- **Statistical Softwares:** SPSS(Intermediate), FoxPro 9(Basic), STATA(Basic).
- **Programming Languages:** R(Intermediate), Python(Basic).
- **Operating Systems:** Windows, Chrome OS, Ubuntu.
- **Others:** LaTeX, MS Excel, MS Word, MS Power Point.

Research Interests

- Labour Economics
- Official Statistics
- Survey Sampling
- Socio-economic Data Analysis
- Public Policy Analytics

Other Interests

- **Computer Hardware Enthusiast** – Keen interest in exploring the latest trends in computer hardware, including components, performance enhancements, and technological innovations. Dedicated to gaining in-depth knowledge of cutting-edge developments in the computing world.
- Enthusiastic traveler with a passion for exploring diverse cultures and geographies, which enhances adaptability, open-mindedness, and interpersonal skills.

Extra Curricular Activities

- Play badminton during the season. Enjoy collaborating with a partner in doubles matches to improve teamwork and performance.

Languages Known

English, Bengali, Hindi.
